

Professional Profile Report

Candidate: Priya Raman

Current Role: Senior Product Manager

Executive Summary

Priya Raman is an accomplished product leader with more than six years of experience delivering growth for B2B SaaS platforms. She has demonstrated expertise in product strategy, cross-functional leadership, customer-centric development, and revenue growth. Her career reflects consistent success in translating complex business challenges into impactful product solutions.

Professional Experience

Senior Product Manager, Nimbus Analytics (2022–Present)

Led a multidisciplinary team of 8 engineers and 2 designers to launch a self-service onboarding flow, increasing activation by 34%. Managed the reporting suite roadmap, contributing \$2.1M in enterprise upsell revenue during FY23. Reduced mid-market churn by resolving a critical permissions-system gap and mentored junior product managers.

Product Manager, Fintra (2019–2022)

Delivered the company's first mobile application, achieving 100,000 downloads in its first quarter. Successfully migrated legacy billing infrastructure with zero downtime and drove customer research that informed a strategic shift to usage-based pricing.

Associate Product Manager, Fintra (2018–2019)

Simplified onboarding from 12 steps to 4, significantly improving completion rates and user experience.

Core Competencies

Strategic Roadmapping, SQL, A/B Testing, Stakeholder Management, Figma, Amplitude.

Education

Bachelor of Science in Business Administration, University of Michigan.

Overall Assessment

Priya Raman demonstrates strong product leadership, strategic thinking, analytical decision-making, and execution excellence. Her track record of measurable business outcomes, successful product launches, customer-focused innovation, and team development positions her as a highly capable senior product management professional.
